

CONNECT. EQUIP. EMPOWER.

WELCOMED

Manny Prieto, Director of Operations, to provide organizational structure, oversight, and ministry strategy. Later, Kylie McDonald, Ministry Logistics Coordinator, joined to aid in our mobilization efforts.

CLARIFIED

our mission, vision, and values.

ESTABLISHED

goal setting and tracking system using objectives and key results (OKRs).

EXPANDED

our organizational structures to prepare for greater kingdom impact--revised policies and procedures, financial accountability, regulatory compliance, and risk mitigation.

EQUIPPED

140 local pastors in Kenya through pastor training seminars.

CONNECTED

53 volunteers on five trips to visit and serve our four partners.

EMPOWERED

local leaders and communities through sustainable initiatives such as aquaponics, agri-business, and jewelry-making.

LAUNCHED

a new podcast (Simply 127), website, and relationship management platform (Rock RMS).

INVESTED

in the construction of a new pod house in Uganda designed to provide a home for a house-mother and 8-10 orphans.

WHO WE SERVE: LOCAL LEADERS & ADVOCATES

Peter leads Swahiba Networks. Swahiba Networks is involved in many projects in the slums of Kibera in Nairobi, Kenya. Kibera is one of the world's largest slums with an estimated population of 900,000 people. Swahiba serves young people in the slums by meeting physical and spiritual needs through a variety of gospel-centered programs. One powerful initiative is the Mentorship and Empowerment Program (MEP). MEP provides young women who have graduated high school with relational and technical skills to help enhance their future.

PETER

Tumaini Miles of Smiles is a children's home and school led by Rose in rural, western Kenya. Tumaini is the Swahili word for "hope." This is a fitting description for a place that provides care and protection to the community's most vulnerable -- orphans, widows, and abandoned babies.

Furthermore, the primary school at Tumaini offers excellent education. Rose is proud to say that of the 163 students who have finished eighth grade at Tumaini, 100% went on to high school.

ROSE

Geoffrey grew up as an orphan in war-torn northern Uganda and today he extends compassion and care to orphans at The Acres of Hope children's home and school in Nebbi. AOH's large plot of land has allowed expansion of pod houses, school buildings, and agricultural projects.

A river that borders the property supplies fresh water year-round for the agricultural initiatives. AOH Aquaponics is developing into a successful, sustainable initiative with four ponds that contain several thousand tilapia and catfish.

GEOFFREY

David is the pastor of Iglesia Cristiana El Camino in Escuintla, Guatemala. He is supported by his wife MJ as he shepherds the flock through teaching & preaching the word and overseeing various ministry programs. Since 2011, David and other leaders from El Camino church have ministered in the nearby village of San Vicente. David sensed God's leadership to plant a church in the heart of the village. He began with a few families, and the church has grown steadily in the last few years. They currently join together weekly for prayer, praise, teaching, and fellowship.

DAVID

Advocates are those who come alongside us as we seek to tangibly live out James 1:27 for the glory of God. We connect advocates to the amazing work God is doing through local leaders in Kenya, Uganda, and Guatemala and equip them to join that work for greater kingdom impact.

Our advocates reap the benefit of collaborating with the global church. This unified effort gives us a clearer understanding of our partners' needs and our role in the Gospel work. We are co-laborers in the fight to stand with orphans and widows in their affliction.

BY THE NUMBERS

119 students participated in Abide Camp in Nairobi and heard the gospel

60 girls graduated High School and completed the MEP program

38 percent of donors give monthly

602 donors gave this year
